

Node::addEdge

```
graph LR; A[Node::addEdge] --> B[Edge::adjust]; B --> C[Node::edges];
```

A flowchart illustrating a sequence of three operations. The first operation, 'Node::addEdge', is contained within a gray rectangular box. A dark blue arrow points from this box to a white rectangular box containing the second operation, 'Edge::adjust'. Another dark blue arrow points from the 'Edge::adjust' box to a third white rectangular box containing the operation 'Node::edges'. All three boxes are aligned horizontally and have black borders.

Edge::adjust

Node::edges
