

pro::list::erase

```
graph LR; A[pro::list::erase] --> B[pro::internal::Base_node::Node_unhook]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'pro::list::erase'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'pro::internal::Base_node::Node_unhook'.

pro::internal::Base
_node::Node_unhook
