

Node::boundingRect

```
graph LR; A[Node::boundingRect] --> B[Edge::adjust]; B --> C[Node::edges];
```

A flowchart with three rectangular boxes arranged horizontally. The first box on the left is shaded gray and contains the text 'Node::boundingRect'. A dark blue arrow points from the right side of this box to the left side of the second box. The second box is white with a black border and contains the text 'Edge::adjust'. Another dark blue arrow points from the right side of the second box to the left side of the third box. The third box is white with a black border and contains the text 'Node::edges'.

Edge::adjust

Node::edges
